

Nature Made Multi for Him - Health Fact Sheet

PRODUCT OVERVIEW

Nature Made Multi for Him is a comprehensive daily multivitamin formulated specifically for men's nutritional needs. USP verified for quality, purity, and potency.

SERVING SIZE: 1 tablet daily with water and a meal

KEY NUTRIENTS AND BENEFITS

Vitamin A (900 mcg RAE / 100% DV)

Supports vision, immune function, and skin health. Essential for normal cell growth and differentiation.

Vitamin C (90 mg / 100% DV)

Powerful antioxidant that supports immune defense, collagen synthesis, and iron absorption.

Vitamin D3 (1000 IU / 250% DV)

Critical for calcium absorption, bone health, immune function, and muscle function. Most men are deficient in Vitamin D.

Vitamin E (22.4 mg / 149% DV)

Antioxidant that protects cells from oxidative damage and supports immune function.

Vitamin K (80 mcg / 67% DV)

Essential for blood clotting and bone metabolism.

Vitamin B1 - Thiamin (1.2 mg / 100% DV)

Supports energy metabolism and nervous system function.

Vitamin B2 - Riboflavin (1.3 mg / 100% DV)

Involved in energy production and cellular function.

Vitamin B3 - Niacin (16 mg / 100% DV)

Supports energy metabolism, DNA repair, and skin health.

Vitamin B6 (1.7 mg / 100% DV)

Important for protein metabolism, neurotransmitter synthesis, and immune function.

Folic Acid (400 mcg DFE / 100% DV)

Supports DNA synthesis and cell division.

Vitamin B12 (2.4 mcg / 100% DV)

Essential for nerve function, red blood cell formation, and DNA synthesis.

Biotin (30 mcg / 100% DV)

Supports fat, carbohydrate, and protein metabolism.

Pantothenic Acid (5 mg / 100% DV)

Required for energy metabolism and synthesis of hormones.

Calcium (200 mg / 15% DV)

Supports bone strength, muscle function, and nerve signaling.

Iodine (150 mcg / 100% DV)

Essential for thyroid hormone production and metabolic regulation.

Magnesium (100 mg / 24% DV)

Supports muscle and nerve function, blood sugar regulation, and bone development.

Zinc (11 mg / 100% DV)

Critical for immune function, wound healing, and testosterone metabolism in men.

Selenium (55 mcg / 100% DV)

Antioxidant mineral that supports thyroid function and DNA synthesis.

Copper (0.9 mg / 100% DV)

Supports iron metabolism, connective tissue formation, and antioxidant defense.

Manganese (2.3 mg / 100% DV)

Involved in bone formation and energy metabolism.

Chromium (35 mcg / 100% DV)

Supports normal blood sugar metabolism.

Molybdenum (45 mcg / 100% DV)

Cofactor for several important enzymes.

FORMULATION NOTES

- No iron (appropriate for most adult men)
- No artificial flavors or colors
- Gluten free
- USP verified

STORAGE

Store at room temperature, away from moisture and direct sunlight. Keep out of reach of children.

ALLERGEN INFORMATION

Contains soy. Manufactured in a facility that also processes tree nuts and peanuts.

RECOMMENDED USE

Take 1 tablet daily with water and a meal. Not intended to diagnose, treat, cure, or prevent any disease.
