

Gold Standard 100% Whey Protein - Health Fact Sheet

PRODUCT OVERVIEW

Optimum Nutrition's Gold Standard 100% Whey is the world's best-selling whey protein powder. It uses whey protein isolates as the primary source, delivering fast-digesting, high-quality protein to support muscle recovery and growth.

SERVING SIZE: 1 scoop (30.4g) with 6-8 oz water or milk

NUTRITIONAL PROFILE PER SERVING (French Vanilla Crème)

Calories: 120

Total Fat: 1.5g

Saturated Fat: 0.5g

Cholesterol: 55mg

Sodium: 130mg

Total Carbohydrate: 3g

Total Sugars: 2g

Protein: 24g

KEY INGREDIENTS AND BENEFITS

Whey Protein Isolate (Primary Source)

The purest form of whey protein available, with most fat and lactose removed. Rapidly absorbed by muscles post-workout. Provides essential and branched-chain amino acids critical for muscle protein synthesis.

Whey Protein Concentrate

Complements the isolate with additional protein, growth factors, and immune-supporting components.

Whey Peptides

Pre-digested for ultra-fast absorption. Stimulates muscle protein synthesis rapidly after consumption.

AMINO ACID PROFILE PER SERVING

BCAAs (Branched-Chain Amino Acids): 5.5g

- Leucine: 2.7g (primary trigger for muscle protein synthesis)

- Isoleucine: 1.4g

- Valine: 1.4g

Glutamine & Glutamic Acid: 4.1g

Total Essential Amino Acids: ~11g

PERFORMANCE BENEFITS

- Supports lean muscle growth when combined with resistance training
- Accelerates post-workout muscle recovery

- Helps maintain positive nitrogen balance
- Supports immune function due to immunoglobulin content
- Suitable for use before, during, or after workouts

DIGESTIVE ENZYMES

Contains Aminogen enzyme blend to enhance protein digestion and absorption, reducing bloating.

FORMULATION NOTES

- Instantized for easy mixing — no blender required
- Available in 20+ flavors
- Low in sugar and fat
- Naturally occurring glutamine and BCAAs
- No aspartame in most flavors

ALLERGEN INFORMATION

Contains milk and soy. Processed in a facility that handles eggs, peanuts, tree nuts, and wheat.

RECOMMENDED USE

Mix 1 scoop with 6-8 oz of cold water or milk. Consume within 30 minutes after exercise for optimal recovery. Can also be consumed between meals.

STORAGE

Store in a cool, dry place. Keep container tightly closed. Use within 6 months of opening.
